**The Logo:** Elucidates the very purpose of education along with NSB's core values.

**The Symbol Infinity:** Represents the concepts of continuity, eternity and the cycle of life. Knowledge is infinite and its applications are boundless in terms of time, space, scale and possibility.

**The Design:** Two “S” Two “C” and Three circles.

The “S” curves of the logo inherit the campus architecture and its new design paradigm for educational institution. The two Ss in the logo portray the commitment of NSB to two of its most important stakeholders – Students and the Society.

The two Cs in the logo depict Character and Competence. While the Character is core, Competence is the crust. These two attributes rest on each other and one must have both to succeed.

The three circles depict the Three Levels of development of a student: Development at the level of the Self, Team, and the Organization.

**The Color:** The blue color of the logo represents both sky and sea, symbolizing that knowledge is as 'deep and vast' as the sea. One must dive deep into the sea to discover wisdom pearls that can take one to the sky of limitless achievement and success. Blue also signifies inspiration, intuition, sincerity, intelligence, confidence, faith, and leadership, key outcomes of education at NSB.

Let me confess and be honest with you. We didn't start NSB Bangalore with lofty goals and promises. The vision was simple; make management education better.

At the time of our inception, there were many business schools - too many 'me too' players. The situation has not changed much even to this day.

We started working towards the goal of making our management education better. We undertook a thorough review of the curriculum offered, made changes where necessary and added several innovative features to it. As a result, we succeeded in creating a robust program, which was conceptually intensive, industry-relevant, global and stood out from the crowd.

We spoke to some of the best management professors in the business, both at the national and international level. We explained to them our vision and requested them to be part of our core faculty team. Many of the management academicians we spoke to, obliged to our request. Thus, we put in place a strong faculty team.

We forged alliances with some of the best universities in India and abroad for awarding degrees and creating a forum for exchanging ideas and increasing the learning opportunities for our students. Our efforts bore fruit and enhanced the strength of the curriculum by several notches and created a credible niche for ourselves in the industry. Our well-oiled placement cell fittingly complemented our academic strengths. Our emphasis on pre-placement training, skill and knowledge enhancement through additional certification courses and placement processes ensured that our students landed plum jobs, year after year.

As a result of our efforts, we became a serious player in management education and industry acknowledged our presence. Our rankings and ratings improved, and we were counted among the top-ranking institutions. In spite of our solid performance over the years in every department, we haven't forgotten the vision with which we started NSB - make management education better. Every day, this vision spurs us to continuously improve the quality of our MBA program and give aspiring MBAs the best management education possible.

Social  
Media  
Club

TOGETHER, WE AMPLIFY

The role of a social media club today is quite distinct from what it was a few years ago. Currently, social media extends beyond merely updating statuses or posting pictures from recent events. It is revolutionizing how we search for jobs, communicate, learn, share, and conduct business.

Given these changes, there is a critical need to integrate social media into higher education, as it is transforming the world. The Social Media Club at NSB facilitates interaction among members to explore significant issues facing society as technology alters the ways in which people connect, communicate, collaborate, and relate to each other. The club helps you explore both personal and professional interests by connecting you with a community of peers who share similar passions.

## Toastmaster's Club

Communication, leadership, and teamwork are essential skills that distinguish an effective manager from others. At NSB, we encourage you to develop these skills to become more efficient and focused. Our Toastmasters' Club is an initiative designed to help you develop strong leadership and communication skills, thereby gaining greater self-confidence. The club provides a positive and supportive learning environment where you can hone your public speaking skills. Besides delivering prepared speeches, you will also receive training in impromptu speaking. Developing the ability to speak eloquently off the cuff prepares you to discuss any topic and respond swiftly in various situations.

The NSB Toastmasters Club focuses explicitly on improving skills such as listening, critical thinking, providing feedback, time management, planning and implementation, organizing, delegating, and team building. Our club's events include Toastmasters meetings, competitions, workshops, and guest talks. This dynamic Toastmasters Club prepares you to face the future and develop goals to accomplish your dreams. At NSB, we ensure your progress in both leadership and communication in a stress-free atmosphere.

The club's primary objective is to foster literary activities, such as poetry, writing, and reading, among students. Literature enhances our understanding of the world and improves our communication skills. It represents refined communication, often conveyed through characters created by writers or the writers themselves. Literature provides a treasure trove of insights into others' feelings, thoughts, and emotions.

Each year, the club plans and conducts several events and programs, including book and poetry readings, interactions with authors, story writing, and poetry competitions. The literary achievements of NSB students positively reflect on the student body's profile.

Being a part of NSB Academy always brings back plenty of warm memories. Seeing it grow makes me proud to be a product of NSB. My MBA & PGPM days have been filled with experiential learning, industry expert sessions pipelined with presentations, assessments, industry visits and internships. NSB focuses on the holistic growth of students and equips us to dive into the corporate world with much ease. Additionally, NSB has a beautiful infrastructure that brings in full-filled vibes and best-in-class facilities. Hats off to NSB for their spectacular growth that conforms to global standards.

**Life Changing**

My two years of MBA journey at NSB under the guidance of erudite and experienced faculty members have changed my professional and personal life. They go beyond teaching mere academic syllabus and expose us to hands-on entrepreneurial skills. Their friendly demeanour and professional attitude gave me the confidence that I am always a part of the NSB family. A special THANKS to our Respected President Sir, for treating each student as his family member. I feel proud and blessed to be an alumnus of the NSB.

**Nikhil [2018-2020]**

**The best journey of my life.**

To take one step forward is to begin a new journey". This is my experience at NSB, which started on 14 August 2018. Days passed, and we gradually got engrossed in our curriculum, and the best part was that it was so much fun. We learnt, played and laughed together. I have never experienced such rich diversity of events being organized so beautifully. The best thing about being a part of NSB is that even though there is a lot of diversity, you always feel included. There is a sense of belonging to that place. NSB, for me, is like family.

**Gopal [2014]**

**Great to be a part of NSB.**

I am presently working at HSBC as an Assistant manager. It was great to be a part of NSB. I was placed through campus recruitment. It was an incredible journey at NSB, and all the faculty were supportive during every step of our MBA programme. Thank you, NSB, for guiding me in choosing the right career.
