“I will tell you how to become rich. Close the doors. Be fearful when others are
greedy. Be greedy when others are fearful.”

– By Warren Buffett

Terminologies

Tax Lien: If your business fails to pay taxes owed to the designated government entity, namely the IRS, you may find your assets seized by the claim of a tax lien

Alternative minimum tax: A tax that applies to high-income individuals to ensure that they are paying a sufficient amount of tax. Earners above a certain threshold must calculate their income tax using a special formula, and if it's higher than their tax using the regular formula, they must pay the higher tax.

Annual Percentage Yield: percentage yield, APY, represents the total amount of interest you'll earn on an investment or savings account in a year, including the effects of compound interest.

Bear market: A way of describing the state of the stock market that indicates that stocks are declining in value overall.

Bull market: A way of describing the state of the stock market that indicates stocks are increasing in value

Interesting Facts

a) Bombay Stock Exchange (BSE) in India has the highest number of listed companies in the world with an estimated 5689 companies. National Stock Exchange (NSE) of India has around 1750 companies.
